

TouchMagix Media Pvt. Ltd.

Leaders in Next Generation Engagement and Interactivity

TouchMagix, a vision of a young entrepreneur has successfully revolutionized interactivity and engagement globally; through their interactive displays that use motion, gesture and multi-touch. TouchMagix has created unforgettable interactive experiences for millions of users spread across 40 countries in a span of few years of establishment.

TouchMagix™ offers and manufactures both technology and equipment that have been creating global standards for giving its audience a lasting impact and brand impressions. TouchMagix has a variety of interactive display products like Interactive Floor, Interactive Wall, Multi-Touch MagixKiosk & Table, MagixFone and capabilities of customized solutions and content.

Innovation forms the core of this organization and the usability of this technology has been creating a rave for various sectors and brands such as the Real Estate, BFSI, Information Technology, Pharmaceutical, Healthcare, Entertainment & Hospitality segment apart from niche usage by various corporate, museums and individuals. TouchMagix™ has experienced and dedicated teams working on research, content & application design, production and sales.

TouchMagix products whether it is Multi touch table, interactive walls and floors or the MagixFone attract consumers by opening a world that they themselves can explore with the next generation technology and futuristic engagement for a lasting impact for years to come.

TouchMagix products and application have been recognized globally and they have won the award Red Herring Asia Top 100 in 2011.
